Winter Construction and Our Community

At Winter, we are passionate about supporting Special Olympics Georgia. Now more than ever, as non profits in our communities face the same economic challenges we all do, they depend on the commitments we have made to support their programs.

For more than four years, Winter employees have volunteered at the Special Olympics Georgia Winter and Spring Games, as we did recently with the 2009 Winter Games in January pictured here. Winter also hosts an annual golf tournament to benefit Special Olympics Georgia.

“Winter is proud to have contributed more than \$150,000 and volunteered over 7200 hours of time to Special Olympics Georgia,” comments Brent Reid, President and CEO of Winter.
